

# Kids in Focus

## Statewide

### Is your family impacted by alcohol or other drug use?

Kids in Focus is a program that can be provided in your home, our office, at school or any safe place to help provide tools for you and your family.

### We can help by:

- listening to you to understand what's happening in your life
- providing counselling
- providing ideas to help make you and your family safe
- giving you information about the impacts of alcohol and other drugs.

### We're here for you and will listen to what you have to say.

Call our friendly team or you can email us at [connectsupport@anglicare-tas.org.au](mailto:connectsupport@anglicare-tas.org.au)

*Kids in Focus is funded by the Australian Government Department of Social Services. Visit [dss.gov.au](http://dss.gov.au) for more information.*
