Relationship abuse of an intimate nature (RAIN)

Rain provides support for women, men and children who have experienced domestic or family violence. This can be physical, verbal, financial, emotional or psychological abuse.

Service area

RAIN is available on the North West and West Coast of Tasmania. Anglicare has offices located in Devonport, Burnie and Zeehan with outreach to Circular Head and King Island.

Referral process

If you or someone you know is experiencing relationship abuse, please call us on **1800 243 232** or visit one of our offices.

RAIN is a free, confidential service

Community service organisations may also refer individuals to RAIN.

RAIN is not a crisis service and it does not support perpetrators.

Funding body

RAIN is supported by the Crown through the Department of Communities.
